

Your Quirky Workshop: 3D Sculpture in Stone Carving with Simon Keeley MA
Mon 23rd March 7-9.30pm then Tue to Thu 26th March 9.30-4.30pm each day

Dear Jamie,

Happy Christmas! As a special gift this year, Sarah has lovingly secured a place for you on the above Stone Carving course with Simon Keeley here at Greystoke. Please see below for what you need to bring with you on the day, details of any accommodation you might need, maps and where to park.

*We really hope you are delighted with your present . . . however, if you find you would like to change to any another course or date or retain the value as a credit (valid for 2 years) then please get in touch by email **before Jan 20th 2015** and we will transfer your booking at no charge, (space allowing/subject to value).* Please see our website for further details about your day and if you could make contact over the next few weeks by filling in the 'Stay in Touch' form that would be helpful as we currently have no contact details for you and may need then to send out further course information. I have noted no special food requirements for you and for your information, all the workshop lunches are vegetarian

As a Cycle Café we have only limited parking in our driveway and ask all who can to park as below to help us preserve the character of the village.

New Parking Info

There are about approx 8 or 9 roadside parking places some 150 yards before the Café at the end of a high Castle Estate boundary wall; here there is a pavement 'leading to nowhere' and the road widens on the left, marked below in pink. If these places are taken please use the village c/park - the residents of Castle Gardens need to be able to negotiate their way out of their cul-de-sac – especially please avoid the corner splays – thank you. There is a large village car park (with recycling facilities!) – as shown on the map. It is close to both the shop, the pub, playing field and summer open air swimming pool and you may well meet some racehorses on the roads past the Castle entrance as you walk to the Café - this is approximately 350 yds of flat walking.

If you feel unable to walk please arrange to be dropped off or let us know so that we can reserve you one of the 3 parking spaces here.

Although an established footpath and a quiet rural area - the road bend outside the Café can be hazardous as cyclists often come around it from the north fast and quietly - therefore

PLEASE PLEASE always walk towards the Café on the LEFT HAND side of the road for greater visibility.

Please see our links page <http://www.greystokecyclecafe.co.uk/links.htm> or the website for Greystoke village , <http://www.greystokevillage.co.uk> which shows several B and B options locally in Greystoke.

Looking forward to seeing you soon

Best wishes and thank you in advance for parking kindly

Annie
